HYBRID ROOM-READY CEILING SOLUTION

 Certified for
Microsoft Teams

 Certified

All components needed for
a high-quality, hybrid
meeting experience.

Lenovo, Yamaha and AVer have come together to create a room-ready solution for hybrid meeting spaces. Inclusive of a complete audio system, conference camera, control system and touch panel, these devices have been tested and work seamlessly together to provide a complete solution for customers.

TEAMS & ZOOM CERTIFIED

All devices have been tested and certified by Microsoft for Teams Room use and by Zoom for Zoom Rooms.

END USER FRIENDLY

Simple to initiate and control meetings, share content, and collaborate.

EASY SET UP

All devices are easy to install, configure and connect to the ThinkSmart Core.

ONE SKU

Sold exclusively at Starin & Synnex:
LEN-YALLARGEROOMCEILING
LEN-YALLARGEROOMCEILING_ZOOM

ThinkSmart Core + IP Controller

Add smarter collaboration technology to meeting rooms of all sizes with ThinkSmart Core +IP Controller - enabling easy-to-use Ethernet connectivity (CAT5e) with PoE, perfect for employees to connect, share, and collaborate seamlessly and securely.

Preloaded with Microsoft Teams or Zoom Rooms

HDMI Passthrough to controller on table (no lag)

CAT5 with PoE connection to Compute

Integrated IR sensors that detect presence in the room and automatically turn the system on/off

Wall Mountable or Table

Installation up to 100 meters from compute

Deploy, monitor, manage, and troubleshoot remotely

Includes one year of "Premium level" manageability console subscription

ADECIA Ceiling Mic & Speaker Solution

This ceiling microphone & line array speaker solution helps overcome challenges with implementation, configuration and room acoustics by providing all components required for a successful installation and automatic technologies that reduce set up time, costs and complexities.

Automatically detects components, configures devices, and optimizes audio performance for the room environment

Simple three-step guided set up wizard via web UI

No fixed lobes

Unique dynamic beam tracking technology utilizes four beams to automatically track voices within the room simultaneously

PoE+ Connection + Dante-enabled

Includes ceiling mic (white or black), line array speakers (white or black), audio processor & switch

CAM550 Conference Camera

The CAM550 is a 4k dual lens camera equipped with an AI lens for automated PTZ functionality. 4K dual-lens camera technology captures the room in its entirety, providing a premium conferencing experience for mid-to-large scale rooms.

4K optical lens / 84.5° FOV w/ 4K Sony Exmor Sensor

Secondary 90° Wide-Angle viewfinder lens strictly for people counting

12X optical zoom (18X total zoom**)

Advanced AI: SmartFrame, People Counting, Gesture Control

Connectivity: LAN, USB type B to PC, power 12v DC, RS232, HDMI-Out

Network port for power, virtual USB, and management
